

USON PLAST A/S

Care for people

Safety containers and medical supplies for the health care sector

0.2 litre USON Sharps Container

This USON 0.2 litre Sharp Containers is designed for hospitals and health care institutions to dispose of syringes, scalpels and other types of sharps.

It is designed to maximise safety whilst still maintaining a barrier to protect the user and prevent spillage during use. Different lid designs give the possibility to discharge needles, syringes and other types of sharps.

USON sharps containers meet the UN requirement no. 3291 regarding packaging approved for transportation of dangerous goods (waste/disposal)

- Produced in Denmark according to ISO 9001 Standards
- Products are made of environmentally friendly, strong and durable Polypropylene
- Design and manufacturing secure a high degree of safety
- Lid design: small or large opening (optional)
- Containers are waterproof when closed
- Standard colours are yellow and yellow transparent
- Products are made with a private label and own colour if ordered in large quantities
- Containers can be supplied without UN certificate (for less costly solutions)
