Different lid designs provide easy discharge of needles, syringes and other types of sharps.

Easy, fast and safe discharge of sharps with only one hand.

Table fixed solution

Place container where needed

Safe discharge with one hand

Lid safely fixed with one hand

Container easily secured

COMPLETE RANGE of strong, durable and safe containers

Hospitals and health care institutions rely on USON's sharp containers for disposal of needles, syringes and sharps. They are designed to maximise safety by protecting the user and prevent spillage.

The range of safety containers consists of these sizes:

Small:	Medium:	Large:
0.1 litre	1.7 litre	11 litre
0.2 litre	2.0 litre	21 litre
0.5 litre	3.0 litre	30 litre
1.3 litre	5.0 litre	50 litre
1.5 litre	7.0 litre	60 litre

High quality **DANISH** produced **SAFETY CONTAINERS:**

- All products are certified according to UN 3291
- Different lid designs are provided for different applicability
- Reversible closure can be safely fixed
- Containers are waterproof when closed
- Products can be made with a private label and own colour
- Products are made of environmentally friendly Polypropylene

USON PLAST manufactures under strict **DANISH** environmental regulations – and uses **100% WIND POWER**
