

21 litre USON Sharps Container

This USON 21 litre Sharp Containers is designed for hospitals and health care institutions to dispose of syringes, scalpels and other types of sharps.

It is designed to maximise safety whilst still maintaining a barrier to protect the user and prevent spillage during use. Different lid designs give the possibility to discharge needles, syringes and other types of sharps.

USON sharps containers meet the UN requirement regarding packaging approved for transportation of dangerous goods (waste/disposal)

- Produced in Denmark according to ISO 9001 Standards
- Products are made of environmentally friendly, strong and durable Polypropylene
