

# USON PLAST A/S

Care for people – and environment...

Safety containers and medical supplies for the healthcare sector

## 7 L ECO Sharps Container – made from 100% Recycled Material

The “ECO LINE” series from USON PLAST comprises sustainable sharps containers for use in hospitals, clinics, and other healthcare institutions. Made from 100% recycled material, the series is developed to reduce CO<sub>2</sub> impact and the consumption of fossil-based plastics.

- The containers are made from recycled, impact-resistant PP (polypropylene), which offers minimal risk of injuries caused by penetration.
- Our production uses 100% solar and wind energy, which reduces the CO<sub>2</sub> footprint from production to zero.
- The containers are produced in Denmark according to ISO 9001 standards.
- The products meet the requirements for UN 3291 and provide optimal protection for healthcare personnel.
- Standard colour: Yellow – but also available in black.
- Private labeling is available for large orders.
- Reversible closure can be safely fixed.
- Containers are waterproof when closed.

### ARTICLE NO.

# 4770

### MATERIAL

Polypropylene (PP), 100% recycled material.

Using 100% recycled material reduces the CO<sub>2</sub> footprint by at least 50% compared to virgin material (*Klima-kompasset.dk*)

### DIMENSIONS

Diameter (top): 21 cm      Height: 26 cm

### PACKAGING

Per pallet: 405 pcs.

### ACCESSORIES

Wall and trolley hanger

Wall hanger # 5500

Trolley hanger # 5500 + # 6000

Bracket # 6000

### USON lid with syringe detachment

Lid with mandatory holes for needle detachment. The lid offers both temporary and permanent closure. For permanent closure, the flaps must be bent downward before being pressed into the holes
