

USON PLAST A/S

Care for people – and environment...

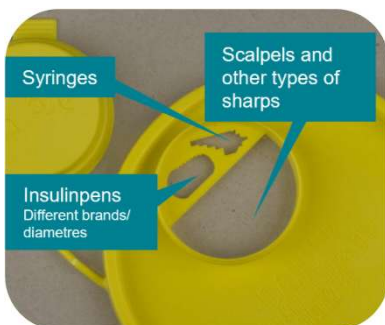

Safety containers and medical supplies for the healthcare sector

1.7 L ECO Sharps Container – made from 100% Recycled Material

The “ECO LINE” series from USON PLAST comprises sustainable sharps containers for use in hospitals, clinics, and other healthcare institutions. Made from 100% recycled material, the series is developed to reduce CO₂ impact and the consumption of fossil-based plastics.

- The containers are made from recycled, impact-resistant PP (polypropylene), which offers minimal risk of injuries caused by penetration.
- Our production uses 100% solar and wind energy, which reduces the CO₂ footprint from production to zero.
- The containers are produced in Denmark according to ISO 9001 standards
- The products meet the requirements for UN 3291 and provide optimal protection for healthcare personnel.
- Standard colour: Yellow – but also available in black.
- Private labeling is available for large orders.
- The lid is easy to operate and has two functions: temporary and permanent closure.
- The container and lid fit tightly together.

ARTICLE NO.

4717

MATERIAL

Polypropylene (PP), 100% recycled material.

Using 100% recycled material reduces the CO₂ footprint by at least 50% compared to virgin material (*Klima-kompasset.dk*).

DIMENSIONS

Diameter (top): 13,7 cm

Height: 15,5 cm

PACKAGING

Per carton: 100 pcs.

Per pallet: 1.600 pcs.

ACCESSORIES

Disc for attachment to a table or trolley

Disc: # 4799

Wall and trolley hanger

Wall hanger # 5200

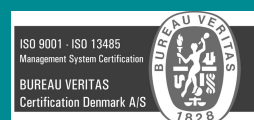

Trolley hanger # 5200 + # 6000

Bracket # 6000
