

USON PLAST A/S

Care for people – and environment...

Safety containers and medical supplies for the healthcare sector

BIO Kidney Dish, White – Made from 100% Bio-based Material

The BIO Kidney Dish is designed as a **sustainable alternative** to the classic kidney dish. It allows you to offer a more sustainable alternative to your customers, without compromising on quality, handling, hygiene or reliability.

- Made from **100% bio-based Polypropylene (PP)**
- **CO₂ footprint is ZERO**
- Produced in compliance with **the ISO 9001 standard**
- Produced by use of **100% wind and solar energy**
- **Injection moulded** - offering **higher stability and durability** compared to other dishes in the market
- **Sterilizable**, supporting hygienic and safe clinical use
